Part 1 of 2. How the electrical-power infrastructure works and is evolving into a new paradigm of electric-power generation. Included: carbon capture and storage; hydraulic fracturing for natural gas; the possibility of a nuclear renaissance.

PRERECORDED:

- NOVA:

Building Pharaoh's Ship

May 18, 2011/ WXXI

An ancient Egyptian sea voyage to the mysterious Land of Punt believed to have been undertaken some 3500 years ago at the behest of the pharaoh Hatshepsut is investigated via reliefs on an Egyptian temple and an attempt to replicate the craft and sail it.

- NOVA:

Riddles of the Sphinx

May 18 / WXXI

An investigation into the origins of the Great Sphinx of Giza, including who built the half-human, half-lion figure and why; how it was built; and what it represents.

- Secrets of the Dead: May 18, 2011 / WXXI

The Silver Pharaoh

The Season 10 premiere explores the treasures found in the tomb of Egyptian pharaoh Psusennes I, who reunited a fragmented Egypt during

the Third Intermediate Period. The tomb was discovered in northern Egypt in 1939 by archaeologist Pierre Montet.

- Secrets of the Dead:

Terracotta Warriors

The story of China's terracotta army, an 8000-strong collection of life-size warrior sculptures that was buried with the first Chinese emperor, Qin Shi Huang, some 2200 years ago. The sculptures were created over a two-year span.

May 4, 2011 / WXXI

- American Experience: Freedom Riders

May 16, WXXI, 120 minutes

The Story behind a courageous band of civil rights activists called Freedom Riders who in 1961 challenged segregation in the American South.

- ALL REGENTS-REVIEW

- Flight of Faith: The Jesus Story

April 17, WNED, 60 minutes

FLIGHT OF FAITH: THE JESUS STORY magnificently captures the geography of the Holy Land from an aerial perspective, focusing on the places connected with Jesus' life and ministry. Beginning in Nazareth at the site where the angel Gabriel visited Mary and then across the Judean Desert to the place of Jesus' birth, the story moves forward chronologically with insight from authors, scholars, archeologists, and local people who protect and care for Jesus' legacy. The documentary provides a fresh approach and a stunning backdrop to the "greatest story ever told."

- A Passover Celebration

April 17, WNED, 60 minutes

This program explores traditions and ethnic celebrations of Passover from around the world. Shot entirely in Israel and the United States, the program intertwines ancient customs and individual family stories with the history of traditional Passover foods.

Although Passover is observed in a similar manner throughout the world, family and regional differences make each celebration a unique cultural experience. One of the oldest religious festivals known to mankind, Passover is an appreciation of Jewish history and a reminder of the universal struggle for freedom.

- Frontline: Suicide Tourist

March 27, 2a.m., 60 minutes

An examination of physician-assisted suicide, including whether it should be a right for terminally ill people and others at the end of their lives. The documentary features Dignitas, a non-profit Swiss organization that helps people die.

- Safe Haven

March 25, WXXI, 60 minutes

Europeans who found safety from Nazi genocide at a shelter in Oswego, N.Y., from 1944 to 1945 recall their experiences. Included: authors David Wyman and Elie Wiesel. Host: actor Robert Clary.

- Dragonfly TV

March 22, WXXI, 60 minutes (2, 30 min. episodes), 3a.m.

Curious kids search for answers to their science questions through experiments and investigations in a fast-paced format aimed at 9 to 12-year-olds. The series was developed by the producers of 'Newton's Apple.'

- Swimming in Auschwitz

March 18, WXXI, 60 minutes, 1a.m.

The stories of six Jewish women who survived the Auschwitz concentration camp during the Holocaust.

- Les Miserables 25th Anniversary Concert at the O2

March 12, WXXI, 180 minutes, 3p.m.

A London concert celebrating the 25th anniversary of the musical's West End opening. Performers include Alfie Boe (Jean Valjean), Nick Jonas (Marius), Norm Lewis (Javert), Matt Lucas (Thénardier) and Lea Salonga (Fantine). Taped in October 2010 at London's O2 Arena.

- Design Squad (New Season)

Friday's, WXXI, 4a.m. (2, 30 min. episodes)

Two teams of high-school students design and build various machines in a competition for scholarship money.

- Living On: Remembering the Holocaust

March 11, WXXI, 1a.m. 60 minutes

The Tennessee Holocaust Commission's efforts to interview Holocaust survivors and liberators living in Tennessee is chronicled.

- US Constitution (Episodes 1-6)

A six-part series about Constitutional law and its impact on teenagers' lives, combining dramatization with commentary.

- Art Through Time (13 Episodes)

WXXI, 30 minutes

An art history series that explores both Western and non-Western art.

- American Experience: The Triangle Fire

WXXI, 60 minutes, 9:30 p.m.

It was the deadliest workplace accident in New York City's history. A dropped match on the 8th floor of the Triangle Shirtwaist Factory sparked a fire that killed over a hundred innocent people trapped inside. The private industry of the American factory would never be the same.

- Rochester Need to Know

February 18, WXXI, 30 minutes

Dt. Glover of GV Ed. Partnership speaks on developing political stories regarding school funding.

- Digital Media: New Learners of the 21st Century

February 13, WXXI, 60 minutes

Digital media is increasingly present in kids' formal and informal educational settings, becoming as common as pencils and notebooks were to their parents. Yet in many American classrooms and homes, these high-tech tools are severely limited or forbidden. Teachers and parents wonder: What are students doing with these technologies?

Got milk? Billions of pounds of milk are consumed worldwide on a daily basis. Milk is the basis for its own food group, and has been around since the dawn of mammals. Visit a farm with a milking parlor that looks more like a cow merry-go-round. Learn what pasteurization is really all about, and even milk a yak. Find out what those active cultures in yogurt are and discover if milk truly makes the body good. Wait until you discover just how many types of cows there truly are. Series examines structures and innovations around the globe. (1:00) (cc) (2 YRS)
